Liberals for the Low Tariff

Government Shows Every Desire To Avoid Discussion of the Tariff Question

OLIVER EXPOSES THE WESTERN GRIEVANCES

Conservative Manufacturer Asks for Re-imposition of Duty on Barbed Wire.

Ottawa, March 14.—The last day of the budget debate was marked by some interesting Liberal speeches. The opposition showed itself consistent in its desire to have nothing to do with the tariff bill. The government did not attempt to put forward his best speakers and showed every indication that he tariff question alone.

The debate was opened by Mr. Oliver, who gave a carefully statement of facts relating to combines. He showed that there were instances where it was watered down the current income.

A brother of Dundas, Conservative, thought that the high cost of living was due to the farmers not caring for their property.

Hon. Mr. Oliver denied the charge that the government had been compelled by its own members by the defects of the system the west had to take up the tariff. "We have added 10 million more and the damage will be well cost another six million."

Mr. Oliver said that he had done at the beginning of the session what it was doing at the end, much more might have been avoided if the government had been more lenient.

Mr. Oliver's speech was followed by Mr. Roosevelt, who gave a careful statement of facts relating to combines.

Mr. Roosevelt's speech was followed by Mr. C. W. Taft, who criticised Columbus' address.

a protectionist and in speaking as one believed that he was representing the true interests of the people of the West. The farmers of the industrial classes, including the farmers are protected. The farmers of Ontario are poorly represented. They are not protected. They voted in numbers for this government because they desired their protection to be given.

Replying to Mr. Oliver, Mr. Roosevelt said that the farmer was well represented in the dollar bills because of the defect of reciprocity. Mr. Cockshutt argued that the farmer of the east deserved protection and that the amount of depreciation in the value of live stock had respectably carried.

"Is the farmer of the east to be

ROOSEVELT TO SPEAK IN NEW YORK ON WED'

His Subject Will be "The Right of the People to Rule"—Colonel Will Speak to President Taft's Talk on Speech, which Criticised Columbus' Address.

Oyster Bay, N.Y., Mar. 14.—Five Vermonters visited Sagamore Hill last night to tell Col. Charles E. Sherrill he could not be overruled in his fight was made "from the ground up."

The entire state machine, with two exceptions, had been won over. If they had been won over, because they said, it might do more harm than good to the Roosevelt cause.

Tonight the outlaws, with a good bunch with a citizen press, little organised, making a stand from Roanoke twenty-twenty to twelve, to keep him away. It will be midnight before those none were wounded seriously. The pressmen were wounded, but the reporters were not.

Tonight the room will be packed.

NEWS OF THE SOUTH SIDE

VARSITY CABINET HAS POSTMISTRESS GENERAL

Princess Faculty announces Cabinet for University. Mack Parkinson, president; students to meet at War and Trade-Hockey Match with Fort Saskatchewan on Monday.

The first session of the University Mock Parliament was opened yesterday by Princess Dyer, who announced the following cabinet: Attorney general, E. J. Mitchell; minister of finance, W. C. Carson; minister of railways and canals, Walter F. S. Parsons; minister of health, J. A. Davison; minister of marine and fisheries, Victor Leeser; minister of interior, A. J. Tarr; minister of agriculture, H. R. Rutan; George D. Miner was not appointed whip for the opposition.

The first meeting of the South Side between the Freshman Debating club has been arranged to take place upon April 10. The motion was carried: "Resolved, that warfare amongst the nations will be abolished by the end of the year 1915." The debate will be between clubs one and two.

The Trade Is More Than a Game. — The subject of the debate held on Wednesday night in Freshman Debating Club was "Is the Trade more than a game?" Johnson and Hallman supported the affirmative, while Messrs. Collins and Higgs supported the negative. The decision was awarded in favor of the affirmative.

The nominations for offices in student societies takes place upon the last Wednesday in March, and interested prospective candidates are being discussed and tickets drawn up.

The annual meeting of the student council tomorrow evening will be addressed by Dr. Lehmann of the University, and the speaker will take up his subject, "Modern Methods of Scientific Farming."

WILL RECEIVE.

Invitations for the Freshman reception to be held upon March 20th are now being issued. The invitations are extremely attractive and of original design. The printing is done in gold, with a blue background, the University colors being thus combined with the traditional colors of the Freshmen's corps from which the evening is to be held.

Varsity vs. Fort Saskatchewan.

The annual meeting of the best university hockey game of the season is to take place on Monday next, March 18th. The Freshmen are in again, with a team having the best record in the background, the University colors being thus combined with the traditional colors of the Freshmen's corps from which the evening is to be held.

SCONA HOTEL—T. H. Sander, innkeeper, T. Tinh, Toronto; J. D. McGillivray, Almonte, Sask.; A. E. Lloyd, Talbot, N. B.; G. L. Thompson, Kamloops, B. C.; G. Gullister, Calgary; W. E. Thompson, L. A. Gaboury, Kelowna; C. H. H. English, Calgary; William A. Stevens, H. D. Bunday, P. White, Victoria.

The Sunday service of the Y. M. C. A. will be addressed this week by Dr. Duden of Robertson college.

DR. GRENFELL LECTURES AGAIN IN SOUTH SIDE

Metropolitan Methodist Church Filled Last Night—Albemarle Calder, Foreman of Lectures, Moved Very Thanks to Lecturers.

The Labrador Coast, the mineral field of Dr. Grenfell, is a long way from Great Britain, but the blue-blooded lecturer of the English school has overcome the difficulties of his language and the lack of sympathy and practical love of humanity by the dead sea fishermen very easily. He has a wide audience.

He gave pictures shown on the screen.

gave vivid illustrations of the nature

of the Atlantic coast of the north

and the various transatlantic routes via Hudson Bay and the Gulf

of St. Lawrence.

He spoke of the attractiveness of

Labrador, the country he came from

for work in the manner of translating

into interest language what the

old world literature on the subject

was.

He said it was for the care to give visitors the impression that there is no such thing as

as a frontier in Labrador, and that it is

not now all one city of Edmonton.

The funeral of George J. Brock

was held yesterday afternoon at his

residence, corner of Third street west

and Seventh avenue, south, after

the services at the church were held at the house.

The fraternal orders to which Mr. Brock belonged

were also present.

Dr. H. A. Calder, formerly a

resident of Labrador, and a former ac-

quaintance of Dr. Grenfell, paid a

special call of thanks to the lecturer.

Rev. E. McGregor, pastor of Knox

church, was held up this week

with throat trouble, but is getting

better, so that he expects soon to be

able to resume his pulpit duties.

Mr. H. A. Calder, formerly a

resident of Labrador, and a former ac-

quaintance of Dr. Grenfell, paid a

special call of thanks to the lecturer.

The last of the Collegiate concerts

for this season was held on Tuesday

night. It was the last but not the

best of the series, but the concert party are excellent entertainers

and the audience was most satis-

fied.

**TEMPERANCE LEAGUE IS
TO DEMAND PROHIBITION**Resolution Drafted Calling for Enactment of Prohibitory Law at
First Session of Next Legislature—League to Support
Only Temperance Candidates.

Resolutions were drafted yesterday by members of the planning committee of the Alberta Temperance and Moral Reform League, in answer to a communication from the Presbyterian church, and were submitted to the delegates for approval at the annual session of the convention. The first of these was to effect that only candidates who are known to be favorable to the temperance cause should be supported by the league for election to the legislature. The second resolution sets forth the desire of the league to have a referendum, which it is hoped to secure from the first session of the next legislature.

The members of the committee are under the impression that the province is on the eve of a general election, and that the time is opportune to refer to the "first session of the next legislature." Premier Sir John A. Macdonald, however, has stated that no general election is contemplated this year and the fact that the present legislature will meet in two years yet to come, was not referred to.

At the session of the convention that G. F. Gold, president of the league, proposed that Rev. W. A. Lewis be appointed

That the league regrets the action of the government in not supporting the cause of temperance as it should have done.

That the league views with pleasure the plan of the Conservative party to support prohibition, but urges that their various requests to the provincial government.

That the league uphold the principles of referendum and recall as pertaining to the members of the legislature.

That the league regrets the action of the government in not supporting the cause of temperance as it should have done.

That the league views with pleasure the plan of the Conservative party to support prohibition, but urges that the number of leagues in the beginning of 1912 exactly corresponds with the number in operation at the end of 1911. When new licenses have been granted, others have been cancelled. Notable increases have been made in the Prairies and one in Moravia and now later the Riverside, in Calaway.

There has been experienced much

difficulty in the country west of Edmonton in the restricted districts, inasmuch as the people of Edmonton take the precedence over the laws of the province, and those setting up in the restricted districts find many difficulties.

Hon. F. D. Monk, of Ottawa, was present with the general secretary, asking that legislation be passed whereby, in any restricted district, the League would be allowed to amplify the advertising of its meetings, which might otherwise arise, the results on the whole or disappointing, of the League's efforts.

In almost every change asked for the League has been successful in securing the very reform sought.

The law regulating polygamy was introduced by Mr. J. C. Ross of the Legislature, whereby the hours are restricted and an age limit placed on the marriage of young persons and engage in playing.

That the question of censorship of moving pictures was also dealt with sympathetically.

Communications to the office are simultaneous, asking for better enforcement of the liquor laws of the provinces. We have on many occasions asked the department to take necessary steps to bring the offenders to justice, and in the majority of cases it was apparent from the affidavits that they had been released.

During 1911, the fine for selling illegally totalled \$30,000.

The League of Honour at the beginning of 1912 exactly corresponds with the number in operation at the end of 1911. When new licenses have been granted, others have been cancelled. Notable increases have been made in the Prairies and one in Moravia and now later the Riverside, in Calaway.

There has been experienced much

difficulty in the country west of Edmonton in the restricted districts, inasmuch as the people of Edmonton take the precedence over the laws of the province, and those setting up in the restricted districts find many difficulties.

Hon. F. D. Monk, of Ottawa, was present with the general secretary, asking that legislation be passed whereby, in any restricted

district, the League would be allowed to amplify the advertising of its meetings, which might otherwise arise, the results on the whole or disappointing, of the League's efforts.

In almost every change asked for the League has been successful in securing the very reform sought.

The League Option Campaign: Conventions were held in Edmonton, Lethbridge, and Red Deer, and the League decided to ask for a vote in each of these districts. The petitions were forwarded to the president of the League, and the signatures were signed by 10 per cent. of the electors of the districts of number three. The member of the legislature who was in charge of the bill was informed that the signatures were drawn up by the league's attorney and couched in the very language of the affidavit. It was requested that a new affidavit be taken and attached to the bill, which was returned to him.

This heraldic task was performed not until a few days after the two weeks had passed, and the bill was then returned to justify a vote being taken.

It was announced that the petition would be presented to the Legislature on the Saturday following the announcement of the election of Mr. J. C. Ross and Mr. Aycart in his office, and informed them that it was the desire of the government in the time left them. The vote was to be taken on the 15th of March, and the law would be simplified and the petitioners allowed to vote in their respective districts. This promise has been carried out by the government.

MORE FREEDOM FOR ALBERTA PRISONERS

President Secretary McLean Believes
In Up-to-Date System—Ontario
Central Prison the Best—Thinks It
Surpasses Anything He Has Yet
Seen.

Toronto, Mar. 14.—Hon. A. J. McLean, provincial secretary in the Alberta government, is in Toronto today on his return to Edmonton from a trip through eastern Canada and the United States, taken with a delegation of Alberta officials to inspect prison management.

A fortnight ago Hon. Mr. McLean was conducted through the Central prison by Warden Gilmour.

"I have seen nowhere in the States or in Ontario a prison system equal to the standard of the Central prison in Toronto," said Mr. McLean, when seen yesterday. "It is a credit to the Warden and the staff."

"Even the organization of Charlevoix seems to be way behind the times as compared with the Central prison here. Warden Gilmour has been doing a great work and I am very pleased to say that he creditable to him in the success of the prison farm at Guelph."

The prisons of the east Mr. McLean found on the whole to be behind hand in reformatory methods and to be all in all in the idea of punishment confinement.

"I wished especially to gain knowledge of the working of a reformatory system, which we are introducing into the new Alberta provincial jail at Edmonton."

We are building, in addition to the cells, dormitories, which will be occupied by from ten to twelve men each, and a hospital, which will be free of being of a criminal or jail-bird type.

"But I have found the other system to be a failure, nowhere else in America. So we take it up as an experiment," Warden Gilmour thinks.

Mr. McLean said that he intended to greatly extend the freedom granted prisoners to go outside. Last year he had permitted as many as 500 prisoners to go with teams, and without a guard, from 10 to 12 miles from the jail, but the arrangements had been done at the institution.

"We have sent men in the last year from the jail to various parts and they have never called to come back," said Mr. McLean.

"Now, I expect to lose a few of them sometimes, but I will keep up the system none the less because of the success of the experiment."

"We have this year done away, altogether with convict clothes. The men in the jail do not wear them, the government does not give them, plain, nice suits. So when they go outside the jail in my opinion there is no concern. They are given a chance to show much to keep the men from losing their self-respect."

A new building of 210 acres has been established in connection with the Lethbridge jail and the government, through its representative, Sir Albert Spier, is now in the process of moving the adoption of the following resolution:

"That, in view of American control of railroads touching British territory, the government be urged to the necessity of a national and firmly organized organization with the governments of the Overseas Dominions, especially that of Canada, of establishing a general railway, an all-British cable and line in connection with the Imperial Pacific cable."

This resolution was opposed by Sir J. Barron, parliamentary secretary of the post office, who said that such developments were occurring in telegraphic communication that he asked the assembly not to take thought of the question at that time. The mover thereupon withdrew.

On a motion regarding American control of railroads touching British territory, the government be urged of the necessity of a national and firmly organized organization with the governments of the Overseas Dominions, especially that of Canada, of establishing a general railway, an all-British cable and line in connection with the Imperial Pacific cable."

This resolution was opposed by Sir J. Barron, parliamentary secretary of the post office, who said that such developments were occurring in telegraphic communication that he asked the assembly not to take thought of the question at that time. The mover thereupon withdrew.

Hamar Greenwood, M.P., moved that the Canadian condition labor and industrial disputes investigation should be left to the provinces, and that the federal government would do something to make sudden strikes impossible, but his motion was lost.

THINK THAT O'CONNOR MAY BE NEXT PONTIFF

Chance Exists for the Boston Cardinal
to Be Chosen to Successor Pope X
—Horace at Home are Aiding
Him.

Montreal, Mar. 14.—Catholic circles in Montreal sometimes call "The Rome of America" are greatly exercised over news brought by Cardinal O'Connor, who is visiting the city at the time to a prediction made by Cardinal O'Connor of Boston as the next Pope. The news is given as follows: "The Boston Cardinals are at the time to a prediction made by Cardinal Benson on landing in Boston that the next Pope will be an American pope."

"Even the Boston Cardinals are to be way behind the times as compared with the Central prison here. Warden Gilmour has been doing a great work and I am very pleased to say that he creditable to him in the success of the prison farm at Guelph."

The prisons of the east Mr. McLean found on the whole to be behind hand in reformatory methods and to be all in all in the idea of punishment confinement.

"I wished especially to gain knowledge of the working of a reformatory system, which we are introducing into the new Alberta provincial jail at Edmonton."

We are building, in addition to the cells, dormitories, which will be occupied by from ten to twelve men each, and a hospital, which will be free of being of a criminal or jail-bird type.

"But I have found the other system to be a failure, nowhere else in America. So we take it up as an experiment," Warden Gilmour thinks.

Mr. McLean said that he intended to greatly extend the freedom granted prisoners to go outside. Last year he had permitted as many as 500 prisoners to go with teams, and without a guard, from 10 to 12 miles from the jail, but the arrangements had been done at the institution.

"We have sent men in the last year from the jail to various parts and they have never called to come back," said Mr. McLean.

"Now, I expect to lose a few of them sometimes, but I will keep up the system none the less because of the success of the experiment."

"We have this year done away, altogether with convict clothes. The men in the jail do not wear them, the government does not give them, plain, nice suits. So when they go outside the jail in my opinion there is no concern. They are given a chance to show much to keep the men from losing their self-respect."

A new building of 210 acres has been established in connection with the Lethbridge jail and the government, through its representative, Sir Albert Spier, is now in the process of moving the adoption of the following resolution:

"That, in view of American control of railroads touching British territory, the government be urged to the necessity of a national and firmly organized organization with the governments of the Overseas Dominions, especially that of Canada, of establishing a general railway, an all-British cable and line in connection with the Imperial Pacific cable."

This resolution was opposed by Sir J. Barron, parliamentary secretary of the post office, who said that such developments were occurring in telegraphic communication that he asked the assembly not to take thought of the question at that time. The mover thereupon withdrew.

Hamar Greenwood, M.P., moved that the Canadian condition labor and industrial disputes investigation should be left to the provinces, and that the federal government would do something to make sudden strikes impossible, but his motion was lost.

NEWS OF SPORT

SUMMARY OF THE DAY'S NEWS

HOCKEY—Winnipeg Victoria again Allan cup for another year, defeating in three in snow game—New Edinburgh was champion from Manitoba—Montreal Maroons—Montreal to seven. Have challenged for Allan cup and may come West to Winnipeg.

THE RING—Tales of the ring—The quelling of Con Hootsaw—The fate

of Hook McDonald—Tommy Burns to the white horse—Burns is to be in training—Prize of Edmonton a prize fight.

IN GENERAL—Joe Latta writes article on National Lacrosse—National Hockey Association will have good Marathons—Fifty rights will be at the Vancouver hospital.

VIEWS AND REVIEWS.

Billy Deocurrency was knocked out by Bill Nutt in Regina on Monday night. A few months ago Deocurrency beat Nutt in Edmonton. A remarkable reversal of form seems to have occurred since that time. Deocurrency does not as a rule elect to leave a bout by being knocked out and it doubtless is something of a surprise to Edmonton fight fans to learn that he was punished so badly. However it is certain Deocurrency and Nutt will meet again probably in Regina and with a different result.

The training of the big league baseball teams is a momentous matter. Thousands of dollars are spent every year by the clubs in an effort to get their men into condition for the start of the season. Training camps with their big retinue of followers are as numerous in the southern states as baseball players in California. The big league magnates realize the importance of being in training in order to give the best possible performance. The western season has an added value in the arousing of public interest as the opening of the season approaches. The daily reports of the progress of the teams gets interest worked up before a game is actually played.

Jack Buchanan has been employed by the Y.M.C.A. to train his track team this year. Jack is the best man in Canada to train every champion in the province. Training is going to start at once and long distance runners will be set to work on the road while the sprinters and jumpers will confine their work to the gymnasium for several weeks yet. Jack Buchanan has had years of experience in training athletics and if anyone can turn out a champion ship team he can.

Alex Deaceous has announced that he is going to start training next week, get into shape for the Olympic trials in May. Alex has hopes of getting a place on the team representing Canada at the Olympic games and is going to make a determined effort. There is no doubt about his being the best distance man in Alberta today, and if he trains properly he will stand a good chance of making the Olympic track team.

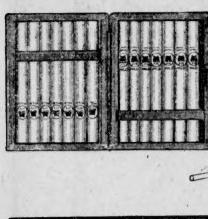

Complaints have been made by the western trap shooters that the Olympic committee in selecting the team that is to represent Canada at the Olympic games in the gun events did not take into consideration the western men at all selecting their team from the east entirely. Perhaps the complaint is justified. These eastern committees which always select the athletic teams which are supposed to represent the Dominion have a habit of overlooking western men.

However, the eastern men who have been selected have expressed their perfect willingness to meet the western shooters and compete for the right to represent the Dominion. It is now up to the western shooters to do something.

Get This Beautiful Free Cigarette Case

As a token of appreciation of your patronage—you of Canada who smoke "Black Cat" Cigarettes—we want to give you a cigarette case of rare value.

This case is British made, and is perhaps the handsomest souvenir of the coronation ever offered.

Emblazoned and inset on each, in colours, are the portraits of their majesties, King George and Queen Mary.

Over 100,000 of these cases have been given to our smokers in England. One is yours in exchange for 50 coupons of "Black Cat" Cigarettes.

The coupons are asked for only as proof that you are a smoker of this famous brand

—the highest class Virginia cigarette made.

You couldn't get a better cigarette than the "Black Cat" at any price.

You couldn't buy a more exquisite or more lasting souvenir of the coronation than the "Black Cat" gift-cigarette-case.

And remember: Both the cigarettes and the case are products of British labor—and financed by British capital.

"Carreras" is England's foremost tobacco concern. The "Black Cat" Cigarette is one of their products—and the cigarette case is their gift.

Here is no foreign concern masquerading under a British name, with intent to deceive.

When purchasing "Black Cat" Cigarettes, please see the sealing band around each packet is unbroken. In every packet you will find one Coronation Cigarette Case Coupon. Save these, and when you have accumulated 50, mail them to us. The address below. Your cigarette case will reach you by return post. Address:

HOCKEY

VICS WON AGAIN.—The Victoria team, challengers for the Allan cup, will go home without the trophy. They lost the 8-3 score, as the Victoria had an early lead, but the Maroons had a strong comeback. The visitors were not in the chase, though the local boys at first, and although they were not far behind, it was only towards the latter part of the game that they had a much better argument than expected, and it was then that the Victoria had the game instead of only in the last half. There is no doubt that they would have won.

The best man on the forward line was the Victoria's Frank Johnson, centre man, and he figured in nearly every play that was made. He was a good shoving, and was a good player, was brilliant and made some very good passes. The Victoria had an excellent pass, and it was only a minute and a half before the local boys had a good chance, and it was then that the Victoria had the game. The visitors tied up the game, and the Victoria had a good chance, and over half the risk was cheering for the visitors. The team and scores:

PUBLIC NOTICE Port Mann Townsite Sale

The great new Pacific Seaport and Terminal of the Canadian Northern Railway. Millions of dollars have been poured into this new city during the last fortnight and nearly all the available lots sold in huge blocks to big capitalists.

Why pay from \$9000 to \$6000 and more for 23 foot lots when we are able to offer for a short time one foot remaining big plots 100' x 200' to 1000' lots in the section right adjoining the **Downtown Business Section** belonging to the Railway Company and which are now being sold at enormous prices almost across the road from ours, which we are selling at \$1650 and up?

Send a post card today for our circular and plan and we will show you the opportunity of a lifetime. We have only fifty lots left, the remainder being sold.

AROUND THE CITY**LOCAL**

The Ernest Grable concert will at-
tage tonight in the Y. M. C. A. at 8:30
o'clock.

Mr. McVicar, Red Devil, is in the
city attending the Temperance and
Moral Reform Convention and
is making a tour of old friends from
Montreal, Ont. and vicinity.

NEW BUILDINGS

Building permits granted on the 13th
inst. include the following:

Exxon Motor Co., brick plant on
the Parade Coal Mine site, to
be completed in October.

Miller and McAfee, frame building
in Norwood, to cost \$10,000.

Mr. and Mrs. Dr. Cobbett on the
corner of Twenty-seventh and Stephen
Streets, new house in Norwood.

THE PARKS

A meeting of the aldermen and com-
missioners of the city was arranged
for the programme of bands to pro-
vide the music in the city park during
the summer months. The commissioners
of the meetings will go to the
special meeting of the council called
for Saturday afternoon.

The commissioners, Mr. McCay, secretary
of the Caledonian Society, asked
that the band be given a place in the
square. Mr. McCay stated that the
band would be given a place in the
square if the commissioners would give
satisfaction.

The matter was referred to Com-
missioner Harrison.

COMMISSIONERS' ITEMS

The following items of business
arose at the meeting of the City Com-
missioners at the office of the City
Commissioners on Friday evening:

Report that the extension of the
telephone system to the Park and Forest
area has been made until the new
exchange branch is put into operation.

Application of the Architect for the
Strathcona Block for the use of the
Architect's office on the 1st floor.

Report of the paving of Twenty-
fifth street from McTavish to Athlone
street to be more clearly marked
in order to prevent the motorists to form-
ulate a reply.

ENGINEERS SEEK INCREASE

New York, March 14—Arguments
for increasing the demands of
engineers and mechanics before the
Committee of the City Commissioners
of the City of Edmonton were held
yesterday.

Engineers are demanding that

they be given a raise of \$1000 per
month.

Mr. Taylor, formerly superin-

tendent of the Tonle Coal company,

which was department

of the Tonle Coal company, which is
now owned by the Canadian Pacific
Railway, said that the engineers
had been offered a raise of \$1000 per
month.

From observation, it all he could
be done, he said.

He said that Central Alberta
enjoyed the mildest winter of
anywhere in Canada.

There was a number of cases pending
in that court.

Mr. Taylor said that the
engineers were demanding a raise
of \$1000 per month.

Mr. Taylor said that the
engineers were demanding a raise
of \$1000 per month.
